T Why Choose BIP "Green Finance"?

"In the world of finance, the only constant is change."

Join us to explore the transformative realm of **green finance**! This program invites you to delve into innovative financial instruments, tackle challenges within the finance sector, and embrace the richness of diverse cultures and study methods from various universities.

Vilniaus Kolegija (VIKO) Faculty of Economics

Studentų str. 39A, Vilnius

Lithuania

November 10-14, 2025 Virtual Session: October 13

Study Programs:

This program is particularly recommended for students in **Finance** and **Business Economics**, but all are welcome to participate!

Main Challenge for Students:

"The greatest challenge lies not in what we know, but in what we can learn."

This course aims to empower students to critically assess and analyze the pressing challenges of our modern world. By engaging with issues in the financial sector and exploring effective finance management strategies, you will help spread the vital ideas of sustainability and "green" finance.

Q Learning Outcomes:

Students will gain:

- A comprehensive understanding of **Green Finance** concepts.
- The ability to analyze environmental challenges affecting finance.
- Skills to evaluate various green finance instruments.
- Enhanced critical thinking skills.

Throughout the program, stakeholders will provide invaluable insights during workshops and practical training sessions held at the **Swedbank Finance Laboratory** and **Fintech Rockit Centre**.
