

“Profit With Purpose: Long-Term Investing in What You Care About” Visit Fontys International Business Studies and learn real-world money skills, beating most professionals!

Are you ready to move safely in the world of global finance? Explore this interesting world together with like-minded students, earn 3 credits and shape your future!

1. “Small Moves, Big Future” Start now with even tiny amounts—decades of compounding can turn pocket change into serious cash. Time is your superpower.
2. “Learn by Doing” Investing early is like a real-world lab for money skills: risk management, market trends, portfolio building. Mistakes now cost less, lessons last a lifetime.
3. “Invest in What You Believe In” Put your money where your values are: climate tech, social impact, ESG funds. Your portfolio becomes a statement, not just numbers.
4. “Freedom Fund for Life” Think beyond retirement: travel, grad school, your first home, side projects. Early investing gives options—and options feel amazing.
