Timetables

Can be found at:

- All tram / bus stops
- IDOS app
- DPMB app

Everything is mostly on time.

- It means that the stop is only on request.
- Wave when you see tram / bus arriving.
- To get off press a button for your tram / bus to stop.
- Some stops change to request stops at night or on the weekends.

At night

- From 11pm till 5am night buses replace all transport in the city.
- Tickets are the same as during the day.
- All of the buses meet and wait for each other at Main train station stop each hour (and some days and times also half hour).
- Most stops at night are request stops (you need to wave to get on or press a button to get off).

Tickets

Short term:

- You can buy them in **machines** at some stops, in **DPMB app** or use **Beep and Go system** (you tap your debit card on the validation machine when you enter the vehicle).
- Paper tickets must be validated in the machine on board.

Long term:

Czech out your life

Money

Our currency is Czech crowns. Exchange rate tends to be around 1 EUR = 25 CZK. Cards are mostly accepted but not everywhere so it's good to have some cash.

Exchange places

In Brno

There are many good exchange places on **Masarykova** street and **Česká** street. Usually they have no commission and have their exchange courses shown on a visible spot so you can see before you decide.

In Lednice

There are no exchange places so you'll have to go to Břeclav. For example in shopping centre **AVENTIN Shopping Břeclav** is an exchange place.

SIM cards

Mobile services are more expensive than in most other EU countries. Consider if you can use your home provider.

You can get **Vodafone SIM card for free** from ESN that has a special offer suitable for international students.

Weather

Snow is expected from late November until end of February, although in past years it's more occasional. In winter temperature fluctuates between 2°C and -5°C (sometimes it can drop to -15°C).

Over March and April it gets slowly warmer with occasional temperature jumps.

In late May temperatures start to rise and can reach summer temperatures of 30°C.

Public Wi-Fi

Many restaurants, bars and cafés have Wi-Fi for the customers, look at the menu or the walls or ask the waiters.

When connecting to public Wi-Fi be mindful and use common sense regarding safety.

Visiting Czechs

You'll be expected to **take off your shoes** in people's houses, you may be offered slippers, but socks should do, floors are generally kept clean.

You can expect to be offered **drinks and small snacks**.

Folklore

If you want to experience Czech folklore, we recommend going to "hody" that take place in many city quarters. During Easter you can see traditions mainly in smaller cities and villages.
